

Ashok Reddy Vajrala

Linux Infrastructure • Cloud • DevOps
ashokreddyvajrala2001@gmail.com | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Linux Infrastructure professional with hands-on experience supporting Linux production environments, infrastructure operations, system administration, automation, networking, and troubleshooting. Experienced with Linux, AWS, Python, SQL, Apache, MariaDB/MySQL, and enterprise VoIP systems. Continuously expanding expertise in Cloud and DevOps while developing AI-powered infrastructure automation solutions.

TECHNICAL SKILLS

LINUX & INFRASTRUCTURE

Linux | SSH | Apache | MariaDB | MySQL | Networking | TCP/IP | DNS | VoIP | SIP | Asterisk | Infrastructure Operations

CLOUD & DEVOPS

AWS EC2 | IAM | VPC | Security Groups | CloudWatch | Git | GitHub | Docker | Kubernetes | Terraform | CI/CD

PROGRAMMING & AUTOMATION

Python | SQL | Bash | PHP | Automation | AI Tools | Prompt Engineering | Pandas | NumPy | Data Analysis

EXPERIENCE

IT SYSTEMS ADMINISTRATOR

Ambassadors Insurance Group | May 2026 - Present

- Supported Linux production infrastructure to maintain reliable system availability and day-to-day business operations.
- Developed Python automation scripts to streamline operational workflows, reduce manual effort, and improve efficiency.
- Administered Linux servers, Apache, MariaDB/MySQL databases, and enterprise VoIP services while troubleshooting and resolving production issues.

PROJECTS

ChanOps.ai

- Developing an AI-powered Linux and DevOps assistant focused on infrastructure automation, operational support, and system management.

Infrastructure Operations

- Supported Linux infrastructure, networking, database systems, and enterprise VoIP environments while assisting with operational maintenance and troubleshooting.

Python Automation

- Developed Python and SQL automation solutions to simplify repetitive operational tasks and improve workflow efficiency.

EDUCATION

Master of Science in Computer Science

- Saint Leo University | Expected Graduation December 2026 | GPA: 3.585 / 4.0

PROFESSIONAL DEVELOPMENT

Intel® Cloud DevOps Competency

- Cloud Computing | Linux | DevOps | Containers | CI/CD | Automation

ExcelR – Data Science & Machine Learning

- Python | SQL | Data Analysis | Machine Learning | Data Visualization

KEY ACHIEVEMENTS

- Developed Python automation to reduce repetitive operational work and improve workflow efficiency.
- Supported Linux production infrastructure to maintain reliable system performance and business continuity.
- Building ChanOps.ai, an AI-powered assistant focused on Linux, Cloud, and DevOps infrastructure automation.
